

# LAUNCHING YOUR META CLINIC(S)

Another advantage of MetaClinics over on-site clinics, is that it takes a fraction of the time to get them up and running. Barring unforeseen issues, we can have your MetaClinics fully operational and seeing patients in as few as 6 months! Here's a quick look at the process:

## LETTER OF INTENT

Once we've ensured that your MetaClinic program is customized to meet the needs of your organization and your members, we'll sign a non-binding Letter of Intent - including the savings you will be receiving through your **GUARANTEED COST PER VISIT**.

## CHOOSE CLINIC LOCATIONS

We'll analyze your membership and work with you to determine how many MetaClinics you need to start, and the best locations for each. We then find existing facilities that meet your needs and adapt them to MetaClinics. This means a much **FASTER OPENING**, and **NO CONSTRUCTION COSTS**. Later, if your membership grows or shifts, we can easily explore adding more MetaClinic locations.

## CONTRACT

Once you've approved your clinic location(s), a detailed contract, including your **GUARANTEED COST PER VISIT** is then prepared and we enter into a 3-year agreement.

## TRAIN, STOCK, and ENGAGE

Once a contract is signed, we train your clinic staff to run your program. At the same time, we stock your clinic(s) with all the medications for which you will pay **WHOLESALE INSTEAD OF SIMPLY DISCOUNTED PRICES**. A month or so before opening, we will reach out to your members to explain the great benefit you're providing, how it works, how to schedule an appointment, and that it is **NO CHARGE TO THEM**.

## GRAND OPENING!

We launch with an Open House to introduce your MetaClinic staff to your members... and then we're ready to start delivering **HIGH-QUALITY HEALTH CARE** and **BIG SAVINGS!**

  
**FROM CONTRACT TO LAUNCH IN AS FEW AS SIX MONTHS!**
